HOLIDAY PROGRAM

PSLE (Dec) Holiday Writing Camp (Set C)

Turn the December Holiday into a Head Start for PSLE

The year-end holiday is the longest school break, but it can also be the most under-utilised. Without structured practice, students risk losing valuable progress just months before the PSLE year begins.

Our WRITERS AT WORK **PSLE (Dec) Holiday Writing Camp** ensures that this crucial break is spent productively, helping Primary 5 students **strengthen composition techniques, practise PSLE-style questions, and step into Primary 6 with confidence and a strong foundation for success.**

Our **5-day holiday writing camp** is designed for students preparing for PSLE writing, focusing on:

- Unpacking and interpreting challenging PSLE composition questions
- Building strong composition planning and story plotting skills
- Strengthening writing techniques, structure, and language mechanics
- Expanding a powerful vocabulary bank with high-level phrases
- Applying proven PSLE composition exam strategies

Students will gain exposure to **brand-new PSLE stories (Set C)**, exclusive to this camp and not found in regular lessons. These materials are specially designed by our experienced Curriculum Team, and every lesson is delivered by WRITERS AT WORK's trained teachers who provide step-by-step guidance to ensure your child learns with confidence.

HOLIDAY PROGRAM

HOLIDAY PROGRAM(S) DISCLAIMER

Important Disclaimer for Students and Parents [Holiday Programmes]

1. Coverage of Materials

Due to time constraints and the intensive nature of our holiday programmes, our teachers may not be able to cover every single question or section found in the provided notes during class time. Lessons are structured to prioritise the most critical learning objectives for each session.

2. Supplementary Content

Some sections of the student notes are marked as supplementary material. These are designed for independent post-class revision to reinforce learning and stretch students who wish to go the extra mile. These sections may not be taught during lessons but are valuable tools for self-study and additional review at home.

3. Individual Learning Differences

Every student learns at a different pace and through different styles. While our teachers are trained to deliver effective and engaging lessons, individual students may process and absorb the content differently. Students are strongly encouraged to do post-lessons' review and revision at home to complement classroom instruction.

4. Expectation Management

The holiday programme is a booster course and not a full-term curriculum. As such, results and improvements may vary based on each student's learning abilities, starting point, engagement level, and initiative in doing self-revision.
