## HOLIDAY PROGRAM

# PSLE (March) Holiday Writing Camp - Set A

### Turn the March Holiday into a Writing Reset for PSLE

The March school holiday may be short, but it plays a critical role in helping students recalibrate their learning early in the year.

Without timely intervention, bad writing habits may continue into the next term. The **WRITERS AT WORK PSLE (March) Holiday Writing Camp** is designed as a focused booster, helping students **refine their composition writing skills before academic demands intensify**.

This programme supports PSLE students in **strengthening planning, structure, and idea development**, giving them **clearer direction and greater control in their writing**.

Our 5-Day PSLE (March) Holiday Writing Camp is designed for Primary 6 students preparing for PSLE composition writing, with emphasis on:

- Interpreting PSLE-style composition questions accurately
- Strengthening composition planning and story plotting skills
- Improving structure, coherence, and writing mechanics
- Expanding a practical and effective composition phrases bank
- Applying proven PSLE composition exam strategies
- 

Students will be exposed to brand-new PSLE writing materials (Set A), created exclusively for this March Holiday Writing Camp and totally different from our regular lessons' materials. All materials are designed by WRITERS AT WORK's Curriculum Team, and every lesson is conducted by trained teachers who provide step-by-step guidance to support students through the learning process.

*\*Each holiday camp uses a different set of materials.*

# HOLIDAY PROGRAM(S) DISCLAIMER

## Important Disclaimer for Students and Parents [Holiday Programmes]

### 1. Coverage of Materials

Due to time constraints and the intensive nature of our holiday programmes, our teachers may not be able to cover every single question or section found in the provided notes during class time. Lessons are structured to prioritise the most critical learning objectives for each session.

### 2. Supplementary Content

Some sections of the student notes are marked as supplementary material. These are designed for independent post-class revision to reinforce learning and stretch students who wish to go the extra mile. These sections may not be taught during lessons but are valuable tools for self-study and additional review at home.

### 3. Individual Learning Differences

Every student learns at a different pace and through different styles. While our teachers are trained to deliver effective and engaging lessons, individual students may process and absorb the content differently. Students are strongly encouraged to do post-lessons' review and revision at home to complement classroom instruction.

### 4. Expectation Management

The holiday programme is a booster course and not a full-term curriculum. As such, results and improvements may vary based on each student's learning abilities, starting point, engagement level, and initiative in doing self-revision.
