HOLIDAY PROGRAM

HOLIDAY PROGRAM(S) DISCLAIMER

Important Disclaimer for Students and Parents [Holiday Programmes]

1. Coverage of Materials

Due to time constraints and the intensive nature of our holiday programmes, our teachers may not be able to cover every single question or section found in the provided notes during class time. Lessons are structured to prioritise the most critical learning objectives for each session.

2. Supplementary Content

Some sections of the student notes are marked as supplementary material. These are designed for independent post-class revision to reinforce learning and stretch students who wish to go the extra mile. These sections may not be taught during lessons but are valuable tools for self-study and additional review at home.

3. Individual Learning Differences

Every student learns at a different pace and through different styles. While our teachers are trained to deliver effective and engaging lessons, individual students may process and absorb the content differently. Students are strongly encouraged to do post-lessons' review and revision at home to complement classroom instruction.

4. Expectation Management

The holiday programme is a booster course and not a full-term curriculum. As such, results and improvements may vary based on each student's learning abilities, starting point, engagement level, and initiative in doing self-revision.
